Sights From Milan Expo 2015: UAE ^[1]

With a 46,000 sq ft pavilion, the UAE presents the importance of land, food, energy, and water in addressing the global challenge of feeding the planet.

Through outdoor exhibits, film, and a cultural exhibition center, the UAE aims to inspire visitors to make a commitment towards a sustainable future.

The UAE will host Expo Dubai 2020, the next Universal World Expo after Milan 2015.
